## About us

## About us

# ENSAM Casablanca Academy Skills

ENSAM Casablanca Skills Academy is a platform designed for students of ENSAM Casablanca and for academia worldwide.

- ✓ Our program helps University students to gain additional skills to the technical skills they develop during their university studies, giving them an advantage in the job market.
- ✓ Our students will improve and develop Soft skills and transversal skills (behavioral knowledge, attitudes, personal, human and relational skills). In this sense, our academy offers a series of online training and certifications, but also face-to-face on dates that will be communicated on the platform.
  - ✓ Our academy will also organize several activities and citizen actions throughout the academic year to develop more skills.
  - ✓ You can study on our academy anywhere / any time on PC, mobile and tablet. You can even learn on your way to university.
  - ✓ All of our courses and activities will make you gain a verifiable certification.

## Civic Engagement Initiatives

JLM ENSAM CASA • SETTAT • 26/27 March 2022

### The BARAKAT caravan

The BARAKAT caravan had emerged in the village of EL Achach thanks to the enormous efforts of our dear Jlmists. Those leaders had succeeded in rooting cheerfulness in the hearts of the children and a smile on the faces of the inhabitants of the village. The JLM ENSAM CASA team succeeded in redeveloping the village school, distributing food baskets to the villagers, clothing and school supplies to the students. And for the first time, there was the organization of a football tournament whose competitors were the talented players of the village. The JLM ENSAM CASABLANCA family was just industrious, hardworking and courageous, which led to these honorable results. Thanks JLM!
