Prophet Muhammad's Hadiths

These murals in Pearl District of Doha, capital of Qatar, & in the corridors of commercial districts r inscribed with hadiths (sayings) of the Prophet & reflect the values of Islam.

Qatar seems to really take advantage of the 2022 World Cup as a momentum to share its culture and values with visitors who come from all over the world.

Introduction to Islam

"Why during the World Cup? Everyone is coming here from across the world to Qatar, a Muslim country, and it's an opportunity to educate people about the faith," said Abu Huraira, a volunteer for the campaign by the Explore Islam Foundation and the Islam & Muslims Initiative.
